- Our vision is equitable housing in pursuit of thriving communities. We accomplish this by providing safe, affordable homes with new developments coming in the future.
- Our mission is to advance the independence of individuals and families through equitable housing and supportive services.
- Our values are authenticity, leadership, respect and social justice. These shared values gives us direction for our daily work and helps us work better together.
- Our model is one of "housing with heart" – it incorporates housing first and harm reduction strategies.
